

COVID-19 THERAPEUTICS

FUNDING AVAILABLE FOR THE DEVELOPMENT AND TESTING OF THERAPEUTICS TO TREAT COVID-19

Therapeutics that can be rapidly deployed to treat COVID-19. The aim is to run trials in patients during the current epidemic. It is anticipated that applications will be for funding to repurpose one or more drugs that are generic, already licensed, or are in late stage development for another indication.

DEADLINE: 06/04/2020
